August 10

September 14

October 5

November 9

6:00 to 7:30 pm

Front Door, 250 Fresh Pond Parkway

The Cambridge Water Department and Friends of Fresh Pond Reservation invite you to come learn how water that falls as rain in Lincoln, Lexington, Waltham and Weston is transported to Cambridge, purified into drinking water in the Water Purification Facility, and piped to all of our local homes and businesses. Members of the Cambridge Water Department staff will describe the process, answer your questions, and give the group a tour of the building.

**If you plan to come, PLEASE SIGN UP! Call 617-349-6489
